University Booth at DATE 2016

DATE, the Design, Automation and Test Conference and Exhibition is the unique European event bringing together researchers, user and vendors as well as specialists in the design, test and manufacturing of electronic circuits and systems.

The University Booth is organised during DATE and will be located in booth 15 of the exhibition area. All demonstrations will take place from Tuesday, March 15 to Thursday, March 17 2016 during DATE. Universities and public research institutes have been invited to submit hardware or software demonstrators.

The University Booth programme is composed of 49 demonstrations from 18 different countries, presenting software and hardware solutions. The programme is organised in 11 sessions of 2 or 2.5 h duration and will cover the topics:

- 5G wireless network Prototypes
- SDx integration Prototypes
- FDI-SoI Prototypes
- IoT Prototypes
- Electronic Design Automation Prototypes
- Hardware Design and Test Prototypes
- Automotive System Prototypes
- Secure System Prototypes
- Secure System Prototypes

The University Booth at DATE 2016 invites you to booth 15 to find out more about the latest trends in software and hardware from the international research community.

Several demonstrators will be shown more than once, giving visitors more flexibility to come to the booth and find out about the latest innovations.

We are sure that the demonstrators will give an attractive supplement to the DATE conference program and exhibition. We would like to thank all contributors to this programme.

More information can be found online at http://www.date-conference.com/exhibition/booth.

See you at the University Booth (Booth 15)!

Jens Lieng and Andreas Wörn (University Booth Co-Chairs)
